#### **B) Parthian Shooting – Offline Competition Rules:**

The idea of this method of shooting came from Iran in which there is no limitation for shooting a boule. It has several decades of tradition for playing in this country called Parthian (as an obstacle combat-precision sport), however, you may see it in similar way in social media performed by many players around the world.

In this style of shooting, a player may put a target boule on ground, a rock, a tree, side of a river, hanging by a rope, moving on a surface, or any other innovative obstacle or way that make an extreme and adrenaline producer shooting. There are some sample videos available in this video link: <https://www.youtube.com/watch?v=Ep8ZzoD1elw>. This is as fun but can be competitive with the following rules:

- 1) It will be played in 1 round and 1 shoot.
- 2) The distance of the player and target boule must be at least 8 meters. There is no limitation to do it in a longer distance.
- 3) All participants MUST HAVE a mask on their face during the shooting (not at the time of speaking in front of camera).
- 4) All participants have to use a camera (high quality cellphone is acceptable) in a FIXED PLACE watching exactly on the target boules in a way that WHOLE BODY of the player is visible in the movie.
- 5) The movie MUST BE recorded **horizontally** and in full HD (1080) format.
- 6) At the end of the recording, the player must be at the front of the camera, and says **JUST THIS WORDS: My name is ..... From the country of ....., BOULES SPORTS FANS – WASH YOUR HANDS.**
